

Amendments to the Claims

This listing of claims will replace all prior versions, and listings, of claims in the application.

Claims 1-127 (cancelled)

Claim 128 (previously presented): A pharmaceutically acceptable, solution formulation comprising human FSH and benzyl alcohol in an aqueous diluent, wherein

(a) the concentration of FSH is 5.0 µg/mL to 2 mg/mL,

(b) the FSH consists of an α -subunit having SEQ ID NO:5 and a β -subunit having SEQ ID NO:6, held together by noncovalent interactions, and

(c) the formulation is suitable for multi-dose administration by injection.

Claim 129 (new): The pharmaceutically acceptable, solution formulation of Claim 128, wherein the solution is suitable for administration without being reconstituted by the patient.

Claim 130 (new): The pharmaceutically acceptable, solution formulation of Claim 128, wherein the solution is contained in a sealed vial.

Claim 131 (new): The pharmaceutically acceptable, solution formulation of Claim 128, wherein the solution is prepared by reconstitution by the patient.
